TESTIMONIALS

“

A perfect ten! That's how family members and friends have rated our home, which was designed by Michael Ong from Prestige Global Designs. Right from the start, when Michael presented his proposal (based on our inputs), it felt right. After all, home is where the heart is, and Michael's designs reflected that to the core. Nothing ostentatious, no 'in your face' approach, nothing OTT (over the top), just quietly elegant, with all the right elements. Michael's eye for design and detail is evident from the wall bracket for our son's punching bag (in his gym) to the cosmic angel light in the dining area. A patient, warm, and affable person, Michael has been the voice of reason and objectivity when we couldn't resolve certain aspects of the designs that appeared minor, albeit essential to the overall scheme. After all, what works good is better than what looks good because what works... lasts! We are proud of our home, and Michael has made the whole experience relatively painless and seamless. As they say. A designer knows he has achieved perfection, not when nothing is left to add but nothing to take away. Kudos to Michael Ong and his team. We recommend him at the drop of a hat to anyone who wants a great design. Simply because good design is obvious, but great design is transparent!
